9 October 1962

MEMORANDUM FOR: Chief, OEL

ATTENTION : [REDACTED] 25X1A

THROUGH : Assistant Director, OSA *gcl*

SUBJECT : Transfer of System 8X to the Navy

1. Reference is made to Office of Naval Intelligence cable dated 20 September requesting transfer of accountability of System 8X to the Navy and conversations between [REDACTED] and [REDACTED]

25X1A

25X1A

2. In confirmation of the referenced discussion, your division is advised that OSA-DD/R has no objections to transfer of accountability for System 8X to the Navy. As you may recall, the System was originally procured as a result of an OSI requirement and funds from the Director's Reserve were utilized. The System was delivered from [REDACTED] directly to its subcontractor, Douglass Aircraft Company, Santa Monica, Calif., installed in an A3D2Q Aircraft, and operated by the Navy. In view of this, the OSA Depot or Materiel Division did not pick up accountability for the Systems and assumed that the Navy had accountability subject only to recall by OSI.

25X1A

3. In view of the foregoing, OSA-DD/R imposes no objections to transfer of System 8X to the Navy for whatever use they may desire.
